

**LICENSED LAY WORSHIP LEADERS ATLANTIC \* LEARNING UNIT 4**  
**Season of Creation: *Living with Respect -- Right Now!***

**Friday August 9, 5:30 p.m. – Sunday August 11, 2:30 p.m.**  
**Tatamagouche Centre**

**Description:** Until recently the liturgical season of Creation has been considered optional. In years past our liturgy and theology have focused on the life of Jesus and on our relationship with God and with other human beings. However, recent scientific reports confirm what we've known to be true for a long time – all of our relationships, all life, depends primarily on our interdependence with the rest of God's Creation. Humans are transforming Earth's natural landscapes dramatically and posing a dire threat to ecosystems that we depend on for survival. Now more than ever, the Season of Creation must inspire our worship and witness through the whole year. In this Learning Unit participants will consider weekly themes such as earth, ocean, sky and animals. This Learning Unit also includes a focus on creation theology and on the fine art of selecting music for congregational worship. This program is open to all those seeking to be and those who are currently licensed as LLWL or offering pulpit supply.

**Instructors:** Rev. Robyn Brown-Hewitt, Rev. Joanne McFadden, Lloyd & Gwen MacLean

Program Cost: True Program Cost: \$380 (tuition, meals & shared accommodations) Single room: \$430 OR
